THIS IS ALLERGAN
I am proud to introduce you to Allergan plc (NYSE:AGN), a bold, global pharmaceutical company and a leader in a new industry model – Growth Pharma. Our world-class team of 16,000+ colleagues develops, manufactures and commercializes innovative branded pharmaceuticals, devices, biologic and tissue products for patients around the world. Fueled by our Open Science R&D model and one of the broadest development pipelines in the industry, we are committed to innovation and addressing unmet medical needs.

Allergan is also one of the world's fastest growing pharmaceutical companies – and we are committed to making it the best place to work and achieve career goals. Together, we are carving new paths and taking bold, decisive actions that deliver results and better outcomes for patients, providers, and colleagues. We are Allergan.
Allergan is an industry leader in Open Science, the Company’s R&D model, which defines our approach to identifying and developing game-changing ideas and innovation for better patient care. We have leveraged this approach to build one of the broadest development pipelines in the pharmaceutical industry with 70+ mid-to-late stage programs in development. Learn more at Allergan.com.
OUR SOCIAL CONTRACT WITH PATIENTS

We commit to these responsible pricing ideals for our branded therapeutics:

1. **INVEST & INNOVATE**
   We are committed to investing billions of dollars, at risk, to develop life-enhancing innovations.

2. **ACCESS & PRICING**
   We commit to making these branded therapeutic treatments accessible and affordable to patients while also ensuring that we can continue to meet our “invest and innovate” obligations outlined in Principle 1.

3. **QUALITY & SAFETY**
   We commit to intensely monitoring the safety of our medicines and promptly reporting and acting on new safety data. We also commit to maintaining high standards of quality while maintaining a continuous supply of our medicines.

4. **EDUCATION**
   We are committed to appropriately educating physicians about our medicines so that they can be used in the right patients for the right conditions.

These are our commitments to the medical professionals and patients who count on us to continue finding new treatments for their most pressing medical needs.
