

CELLUFRESH® Eye Drops

Indication:

CELLUFRESH® lubricant eye drops are specially formulated to moisturise, comfort and protect dry eyes. They provide temporary relief of burning, irritation and discomfort due to dryness of the eye or due to exposure to wind or sun. They are suitable for use with contact lenses.

Each mL contains:

Carmellose sodium 5 mg.
No antimicrobial agent.

How to use:

Make sure container is intact before use. To open, completely twist off tab, then pull to remove.

Dosage:

Instil 1 drop in the affected eye(s) as frequently as required and discard unused contents.

Precautions:

For external use only. Keep out of reach of children. If irritation persists or increases, discontinue use and consult your doctor. To avoid contamination, do not touch tip to any surface.

Pack Size:

30 x 0.4 mL sterile eye drops

Storage:

Store below 25°C

Scheduling:

Unscheduled
