INSTRUCTIONS FOR USE

Fig. 1: Turn right (clockwise) to break the seal and make a dispensing hole on the nozzle.
Fig. 2: Remove the ring and discard.
Fig. 3: Open the cap by turning left (anti-clockwise) and it is ready for use.
Fig. 4: Turn it up side down, squeeze the walls of the bottle gently to deliver sterile drop into the eye.
Fig. 5: Replace the cap. Tighten it firmly and keep the bottle closed for subsequent use.
Fig. 6: Do not touch the nozzle.
Fig. 7: Do not rinse the nozzle.
Fig. 8: Do not expose to Sunlight.

State of the art technology
From Allergan India Private Limited

COMPOSITION
Each mL contains:
- Sodium Carboxymethylcellulose IP 5 mg
- Stabilized Oxychloro Complex (Purite™) 0.1 mg
- Purified Water IP q.s.

(With: Glycerin, Erythritol, Levocarnitine, Boric acid, calcium chloride dihydrate, Magnesium chloride hexahydrate, Potassium chloride, Sodium borate decahydrate, Sodium citrate dihydrate)

OPTIVE™’s unique dual-action formula provides long-lasting comfort.

OPTIVE™ lubricates the surface of the eye and moisturizes the ocular surface cells by restoring natural osmotic balance.

OPTIVE™ contains a unique, mild, non-sensitizing preservative PURITE® which breaks down into natural tear components on the eye.

INDICATION
- For the temporary relief of burning, irritation, and discomfort due to dryness of the eye or exposure to wind or sun.
- May be used as a protectant against further irritation.

WARNINGS
If you have continued problems please discuss with your eye care specialist.
The following side effects may occur:
- Eyes stinging, burning, irritation or itching, excessive tearing, unusual eye secretions, eye redness, reduced sharpness of vision, blurred vision, sensitivity to light and dry eyes (lack of effect).

PRECAUTIONS
- Do not use if allergic to any of the ingredients.
- Do not swallow solution.
- To avoid contamination, do not touch bottle tip on any surface, and avoid direct contact with the eye.
- Close the bottle tightly immediately after use.
- Do not use after expiry date marked on the product.
- Keep out of the reach of children.
- Do not use the bottle if the tamper-proof seal on the bottle neck is broken before you first use it.
- Allow 5 minutes between the administrations of ophthalmic products.

DOSAGE
Place 1 or 2 drops in the affected eye(s) as needed.

HOW SUPPLIED
OPTIVE™ Lubricant Eye Drops are supplied in 5 mL (Physician’s Sample) and 10 mL (Sales Pack) plastic dropper bottles.

NOTE
Store in a cool place. Protect from light.
Use the solution within one month after opening the container.
