

INSTRUCTIONS FOR USE

OPTIVE® GEL DROPS

A unique gel drop formula for relief, comfort and sustained protection from dry eye symptoms. Long-lasting relief for night or day.

Dual Action Lubricating and Osmoprotective Comfort Solution

Description

OPTIVE® Gel Drops is a multi-dose sterile solution which contains sodium carboxymethylcellulose 1 %, glycerine 0,9 %, erythritol, levocarnitine, boric acid, sodium borate decahydrate, sodium citrate dihydrate, potassium chloride, calcium chloride dihydrate, magnesium chloride hexahydrate, purified water and is preserved with PURITE® 0,01 % which breaks down into natural tear components on the eye.

OPTIVE® Gel Drops is compatible for use with all contact lenses and can be used for 3 months from opening.

Instructions for Use

Place 1 or 2 drops in the eye(s) as needed.

Precautions

- Do not use if allergic to any of the ingredients
- Do not swallow solution
- To avoid contamination or possible eye injury, do not touch bottle tip on any surface, and avoid direct contact with the eye
- Close the bottle tightly immediately after use
- Discard any remaining solution 3 months after opening
- Product may cause transient blurring of vision
- Do not use after expiry date marked on the product
- Keep out of the reach of children
- Store at room temperature
- Do not use the bottle if the tamper-proof seal on the bottle neck is broken before you first use it
- Do not use if solution changes colour
- Allow 15 minutes between the administration of other ophthalmic products

Warnings

Discontinue use and consult a doctor if you experience eye pain, changes in vision, continued redness or irritation of the eye, or if the condition worsens.
