

## **INSTRUCTIONS FOR USE**

### **OPTIVE PLUS™**

#### **Triple-action lubricating and osmoprotective comfort solution**

**OPTIVE PLUS™** has a triple-action formula that provides long lasting comfort. **OPTIVE PLUS™** lubricates the surface of the eye and moisturises the ocular surface cells by restoring osmotic balance **PLUS** protecting your natural tears with a lipid enhancement.

#### **Description**

**OPTIVE PLUS™** is a multi-dose sterile solution which contains sodium carboxymethylcellulose 0,5%, glycerine 1,0%, castor oil 0,25%, polysorbate 80 0,5%, levocarnitine 0,25% and erythritol 0,25%, preserved with PURITE® 0,01% which breaks down into natural tear components on the eye.

#### **Instructions for Use**

Place 1 or 2 drops in the eye(s) as needed.

#### **Precautions**

- Do not use if allergic to any of the ingredients
- Do not swallow solution
- To avoid contamination or possible eye injury, do not touch bottle tip on any surface, and avoid direct contact with the eye
- Close the bottle tightly immediately after use
- Discard any remaining solution 3 months after opening
- Do not use after expiry date marked on the product
- Keep out of the reach of children
- Store at room temperature
- Do not use the bottle if the tamper-proof seal on the bottle neck is broken before you first use it
- Do not use if solution changes colour
- Allow 5 minutes between the administrations of ophthalmic products

#### **Warnings**

If you have continued problems please discuss with your eye care specialist.
