

INSTRUCTIONS FOR USE

REFRESH®

Lubricating Comfort Eye Drops

REFRESH lubricates the surface of your eyes, relieving the feeling of dryness, irritation, and stinging caused by environmental factors.

Description

REFRESH is a unit-dose, sterile solution, preservative free, which contains polyvinyl alcohol 1,4 % providone 0,6 %, sodium chloride and purified water.

Instructions for use

Place 1 or 2 drops in the affected eye(s) as needed.

Precautions

- Do not use if allergic to any of the ingredients.
- Do not swallow solution.
- To avoid contamination or possible eye injury, do not touch open-end of the vial on any surface and avoid direct contact with the eye.
- Discard open unit dose vial after use.
- Do not use after expiry date marked on the product.
- Keep out of reach of children.
- Do not store above 25 °C.
- Ensure that the unit dose vial is intact before use.
- Allow 15 minutes before the administration of ophthalmic products.
- Contact lenses should be removed before each application and may be reinserted 15 minutes.
- Product may cause transient blurring of vision.
- Do not use if solution changes colour.

Warnings

Discontinue use of product and consult a doctor if you experience eye pain, changes in vision, continued redness or irritation of the eye, or if the condition worsens.

This product is preservative free and should be used immediately after opening to avoid contamination which could result in eye infections.

How supplied

REFRESH is supplied in unit dose vials containing 0,4 ml of solution.
